The following strong recommendations in favor of the great utility of the brace, from several distinguished Professors of the Medical Faculty, and other respectable gentlemen, who have been convinced by actual experiment, will induce the suffering to give it a fair trial.

From Professor Dickson. Gentlemen : At the desire of Dr. Banning, I state with pleasure after an examination of his Body Brace, I am very favorably impressed with the prospect of its extensive utility. The principle which he has so ingeniously carried out, seems to me widely applicable to a large class of cases of suffering and debility in both SAML. HENRY DICKSON, M. D. sexes. Each boarding pupil is expected to furnish her own In habitual Costiveness they are decidedly superior to sheets, towels, and napkins, which, with her apparel any medicine ever brought before the public, and one 25 cent box will establish their surprising virtues and place them beyond the reach of doubt in the estimation of every individual

proof of their good qualities.

They are invaluable in Nervous and Hypocondriacal Affections, Loss of Appetite, and all Complaints to which females alone are subject. They are mild in their action, and convey almost immediate conviction of their utility from the first dose. They may be taken by persons of any age, and the feeble, the infirm, the nervous and delicate, are strengthened by their operation, because they clear the system of Bad Humors, quict Nervous Irritability, and invariably produce sound health.

As an Anti-bilious medicine, no family should be without them. A single trial is more satisfactory than a thousand certificates. Be careful to ask for Dr. Le Roy's Vegetable Universal Pills, and take no other.
